

AT&T Connected Bus for Education

Internet access on school buses and bookmobiles

Connectivity plans for E-Rate eligible libraries and K-12 schools

Each AT&T Connected Bus for Education plan requires a compatible router or modem, sold separately. It provides an internet connection via Wi-Fi. This enables students, patrons, and other eligible users to access the internet for educational use while on a school bus or in a library bookmobile.

Select plans include access to AT&T 5G/5G+ service.¹ All plans include Standard Definition video streaming, and there are no roaming charges for using the plan in Canada and Mexico.²

Plus, you can choose a plan with AccessMyLAN from AT&T included at no extra charge. AccessMyLAN from AT&T helps secure your internet connection with features that let you manage access to websites, filter restricted content, and manage mobile devices.³

Prefer to bring your own filtering solution? Simply choose a plan without the AccessMyLAN feature.

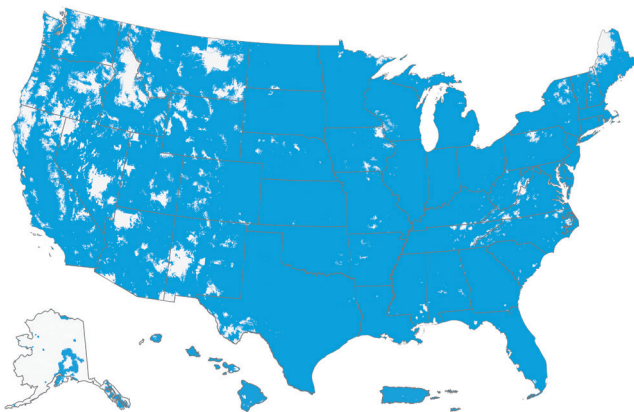

¹ 5G/5G+ service requires compatible device and plan. Coverage not available everywhere. 5G+ is offered in limited locations in specific cities. Wireless technology varies by device. See att.com/5Gnetwork for more details. 5G/5G+ service is not available for plans with AccessMyLAN.

² Roaming usage may be at 2G speeds. International usage should not exceed domestic usage.

³ Requires compatible device and plan. Does not guarantee all restricted content will be blocked. Additional terms and conditions apply; see <https://help.securemobi.net/en/articles/5280228-eula-for-accessmylan-from-at-t>. For more details, see att.com/aml.

Choose a plan for your device	Eligible devices	Included service	Data restriction	Monthly service charge
AT&T Connected Bus for Education plan	Wireless router or modem	Unlimited data	After 50GB, AT&T may temporarily slow data speeds if the network is busy and data speeds are up to a max of 3Mbps.	\$29.99
AT&T Connected Bus for Education with AccessMyLAN Plan				

Fees extra.

■ AT&T Coverage Area
 ■ No Service Area

Map shows approx. outdoor coverage in domestic licensed/roaming areas. Actual coverage may differ. Service not avail. everywhere. See att.com/coverageviewer for coverage details. For additional info on 5G or 5G+, see att.com/5Gnetwork.

ALL AT&T CONNECTED BUS FOR EDUCATION PLANS: Available only to eligible K-12 schools and libraries with a primary place of use in the United States (**Domestic Coverage Area or DCA**) with a qualified wireless service agreement that includes, without limitation, an AT&T E-Rate Rider (**Qualified Agreement**). For Corporate Responsibility User (**CRU**) lines of service only. Plans are intended to provide Internet connectivity on (a) school district-operated buses for educational use by students, teachers and school administrators while traveling to or from school and while traveling for school-related activities during the academic school year and (b) on library-operated bookmobiles for educational use by students, patrons, and library personnel. **All wireless services are subject to the terms and conditions of your Qualified Agreement.** **PRICING:** Monthly price includes a monthly plan charge (\$29.99) for data service only. Each plan is limited to one line and requires a compatible wireless router or modem (sold separately) used on a qualified bus. **Qualified Agreement Discounts:** Plans are not eligible for any CRU service discount described in your Qualified Agreement. **OTHER RESTRICTIONS AND FEES:** Activation/upgrade fee per line (up to \$50) & deposit may apply. Credit approval may be required. AT&T reserves the right to (a) suspend or terminate service to your account for violation of your Qualified Agreement (for example, if it is determined that the service is being used in violation of the E-rate program rules as defined by the Federal Communications Commission and Universal Service Administrative Company) and/or (b) place any non-complying device on an appropriate plan. **ADDITIONAL AT&T FEES & GOVT. TAXES:** Monthly AT&T fees apply per line & include Regulatory Cost Recovery Fee (up to \$1.50). Administrative Fee (up to \$1.99), Property Tax Allotment Fee (\$0.20-\$0.45) & other AT&T fees which are not government-required. Additional one-time Fees may apply. Govt. taxes are extra. See att.com/mobilityfees for more details. **UNLIMITED DATA:** For use in the DCA, Canada and Mexico. Tethering/mobile hotspot use permitted with compatible devices; performance may vary depending on the number of devices connected, proximity and other factors. AT&T service is subject to AT&T network management practices. See att.com/broadbandinfo for details. **DATA RESTRICTIONS: After 50GB of use in a bill cycle, for the remainder of the bill cycle AT&T may temporarily slow data speeds if the network is busy & data speeds are up to a max of 3 Mbps.** **SERVICE RESTRICTIONS:** Service is subject to suspension or termination if used for non-educational purposes and/or by ineligible individuals. Additionally, service may be suspended or terminated if used (a) in any manner that defeats, obstructs, penetrates, or attempts to defeat, obstruct, or penetrate, the security measures of AT&T's wireless network or systems, or another entity's network or systems; accesses, or attempts to access without authority, the accounts of others; or adversely affects the ability of other people or systems to use either AT&T's wireless services or other parties' internet-based resources; (b) in any manner that has the effect of excessively contributing to network congestion, hindering other customers' access to the network, or degrading network performance, including, without limitation, for server devices or host computer applications (such as continuous web camera posts or broadcasts); (c) for high bandwidth applications, services or content that disproportionately and excessively contribute to network congestion (such as web broadcasting); or (d) in any other manner prohibited by your Qualified Agreement and/or the AT&T Acceptable Use Policy at att.com/aup. **5G SERVICE:** Requires a compatible 5G device and plan. Coverage is not available everywhere. See att.com/5Gnetwork for details. **5G+ SERVICE:** Requires a compatible 5G+ device and plan. Coverage available only in limited locations in specific cities. See att.com/5Gnetwork for cities. Other restrictions apply. **VIDEO STREAMING:** Plans do not include the Video Management feature. We aim to render streaming video in standard definition (max of 2 Mbps for customers on both 5G/5G+-enabled devices and rate plans or 1.5 Mbps for other customers) though some video cannot be identified. Sometimes, other content that content providers bundle with streaming video may be impacted and slowed, including downloads. In certain situations, we may deliver video content faster or at higher definition. Details at att.com/VideoFeature. **COVERAGE:** Coverage may include areas that are served by unaffiliated carriers and not on AT&T's owned and operated network (off-net). Coverage is subject to change without notice. **OFF-NET USAGE:** International and domestic off-net (roaming) data usage may be at 2G speeds. Plans do not permit international roaming in destinations other than Canada and Mexico. **Excessive Canada/Mexico Off-Net Use/Abuse:** Plans include an international roaming feature that is intended to enable eligible schools and libraries to use their plan in Canada and Mexico on a limited, temporary basis (for example, an eligible school needs connectivity on a school bus traveling to/from Canada or Mexico for an academic field trip). Predominantly using your domestic plan in Canada or Mexico may result in this feature being removed from your plan. **MISCELLANEOUS:** Plans are not available for purchase in all sales channels and may not be available in all areas.

AT&T CONNECTED BUS WITH ACCESSMYLAN PLAN: Plan does not include access to 5G/5G+ service. AccessMyLAN Feature: Requires compatible device and plan and acceptance of terms of service found at <https://help.securemobi.net/en/articles/5280228-eula-for-accessmylan-from-at-t>. AML includes (i) either a shared APN called vpn.AccessMyLAN.net or a VPN configuration provided by AT&T and (ii) a server software agent, network-based remote access platform, and administrator web console provided by Asavie Technologies, Inc. Additional hardware, software, services and/or network connection are also required, including a computer/server that must stay on and be connected to customer's local area network. For additional details, see att.com/aml.

Service, features, availability, pricing, terms, restrictions & conditions subject to change & may be modified, discontinued or terminated at any time without notice.
